Techmart Center
5201 Great America Parkway
Santa Clara, CA

Hosted by

CALL FOR PRESENTATIONS

Presentations (no paper required) are solicited in each of the four tracks of the workshop. The presentation should be of an educational or problem solving nature involving exchange of ideas and not a product or service advertisement.

1. Satellite Servicing and Life Extension
2. Emerging Technology Applications in Space Operations
3. Orbital Debris Tracking and Remediation
4. Mission Planning and Operations Systems

IMPORTANT DATES

Abstract Submission Deadline	Fri, April 5, 2019
Attendance Registration Deadline	Wed, April 17, 2019
Final Presentation Submission Deadline	Wed, April 24, 2019

WORKSHOP FORMAT AND FEES

On each day of the workshop, a plenary session will be followed by two tracks running in parallel. A networking reception will be held at the conclusion of track proceedings on the first day.

The fee for the workshop is \$140 (US). A special fee of \$40 (US) is offered to students and retirees. Breakfast and lunch on both days and the reception are included.
